

## “PARTS WASHER 68”

An odourless solvent for use in low pressure parts washers. Parts Washer 68 quickly and effectively emulsifies any petroleum oil or grease. With a low evaporation rate this product assures minimal worker exposure and reduced product loss. With a flash point of 68°C it is much less flammable than ordinary solvents.

**Applications:** Solvent tanks, parts washers and anywhere heavy oil, tar or grease needs to be removed.

**Directions / Dilutions:** Use as is. Fill parts washer and brush on to items that need to be cleaned.

### **Laboratory Analysis:**

Appearance: Clear Liquid  
Odour: None  
Corrosion: Non corrosive

**Packaging:** 205 litre drums  
20 litre pails

For further information consult the material safety data sheet and label.
